Professional development

Orientation of new faculty members

- 1- Determining the needs of the university and the department: The needs of the university and the department are determined in terms of the required educational cadres. And preferred majors.
- 2- Orientation Programs: Customized orientation programs are designed for new, visiting, full-time and part-time members based on their needs and specialties.
- 3- Introduction to the University Environment: A comprehensive introduction is provided about the university and the department. General Administration, including About the Department And the vision And the message The objectives and services available.
- 4- Providing support resources: New members are provided with the necessary resources and support, including training courses, workshops, and technical assistance.
- 5- Academic Orientation: New members are oriented regarding the curricula, research areas and teaching methods used in the department.
- 6- Administrative Orientation: New members are oriented to administrative procedures, responsibilities, university policies and code of conduct.
- 7- Ongoing Support: Ongoing support is provided to new, visiting, full-time and part-time faculty members through advisory sessions, workshops and periodic evaluations.

Professional development for faculty members

1. Identifying needs and setting goals: Faculty needs are identified through surveys and performance evaluations, and then specific goals to be achieved within the program are identified.

2. **Development Program Design:** Based on the specific needs and objectives, a comprehensive development program is designed that includes a set of activities, training courses, workshops, and educational resources.
3. **Program Implementation:** The development program is implemented in a regular and organized manner, including organizing workshops, conducting training courses, and providing appropriate educational resources.
4. **Use effective teaching strategies:** Faculty members learn to use and apply modern and effective teaching strategies, such as cooperative learning, active learning, and educational technology.
5. **Evaluation of learning outcomes:** The effectiveness of the development program is evaluated by evaluating the learning outcomes of faculty members, such as increased levels of knowledge, teaching skills, and interaction with students.
6. **Continuous Development:** Ongoing feedback and support is provided to faculty members to promote ongoing professional and academic development.
7. **Participation in scientific research and publication:** Faculty members are encouraged to participate in scientific research and publish the results in prestigious academic journals, which enhances their academic standing and contributes to the development of knowledge in their fields.

2. Acceptance Criteria

- 1- Central acceptance.
- 2- Accepting exceptions (martyrs' families, children of faculty, distinguished employees, top students in institutes, foreign students).
- 3- Private government education
- 4- Accepting evening studies.

3. The most important sources of information about the program

- 1- University, college and electronic department website.
- 2- Priorities for establishing the department.
- 3- Project to develop and update the curricula of the faculties of management and economics in Iraqi universities for the year 2017.

4. Program Development Plan

- 1- **Developing curricula for each subject by the instructor.**
- 2- **Opening a branch of the third stage (economic teachers) and opening postgraduate studies, a higher diploma equivalent to a master's and doctorate.**

- 3- Developing teaching and administrative staff through courses, seminars and workshops in areas of specialization.
- 4- Supporting scientific research efforts by encouraging faculty members to publish, especially in international journals.
- 5- Conducting training programs to develop students' capabilities in technical and information technology fields.
- 6- Organizing field visits and scientific trips for students to government institutions.

Course Description Form

1. Course name	
Industrial economy	
2. Course code	
3. Semester/Year	
2023-2024	
4. Date this description was prepared	
9/17/2023	
5. Available forms of attendance	
Approval of attendance list	
6. Number of study hours (total) / Number of units (total)	
Number of hours 30 / Number of units 30	
7. Name of the course supervisor (if more than one name is mentioned)	
A.M. Muthanna Mayouf Mahmoud	
8. Course objectives	
<p>1- Introducing the student to the concept of industrial economy through the historical developments it has gone through</p> <p>2- Student definition Importantly Industrial project</p> <p>3- Introducing the student to the relationship between industrial economics and economic development</p> <p>4- Recognizing the importance of industrial economy for developing economic sectors</p> <p>5- Introducing the student to the most important sources of collecting data and information about the reality of the economy Industrial Ad</p> <p>6- Introducing the student to how to solve the problems facing the industrial economy</p>	Subject objectives
9. Teaching and learning strategies	
<ul style="list-style-type: none"> - Delivering in-person and online lectures - Discussions with students - Oral questions for students - Blended learning (classroom) 	Strategy

10. Course Structure					
Evaluation method	Learning method	Name of the unit or topic	Required learning outcomes	Watches	The week
Oral questions	Giving the lecture	The concept of industrial economy and its types	theoretical knowledge	2 hours	the first
Questions and share	Lecture/Discussions	The relationship of industrial economics with other sciences	theoretical knowledge	2 hours	the second
Oral questions	Lecture/Discussions	The concept of manufacturing and its importance	theoretical knowledge	2 hours	the third
Student participation	Lecture/Discussions	Advantages and disadvantages of manufacturing	theoretical knowledge	2 hours	Fourth
Oral questions	Lecture/Discussions	The role of industrial economy in developing the national economy	theoretical knowledge	2 hours	Fifth
-	-	Monthly exam	-	2 hours	Sixth
Oral questions	Lecture/Discussions	Objectives and importance of the industrial project	theoretical knowledge	2 hours	Seventh
Oral questions	Lecture/Discussions	Economics of industrial project size	theoretical knowledge	2 hours	The eighth
Questions and share	Lecture/Discussions	Industrial Project Evaluation	theoretical knowledge	2 hours	Ninth
Oral questions	Lecture/Discussions	Types of economic projects	theoretical knowledge	2 hours	tenth
Oral questions	Lecture/Discussions	Planning in industrial facilities	theoretical knowledge	2 hours	eleventh
Questions and share	Lecture/Discussions	Performance evaluation of industrial establishment	theoretical knowledge	2 hours	twelfth
Oral questions	Lecture/Discussions	strategically Industrial development	theoretical knowledge	2 hours	thirteenth
-	-	Monthly exam	-	2 hours	fourteenth
Questions and share	Lecture with oral questions	Comprehensive review	theoretical knowledge	2 hours	fifteenth

11. Course Evaluation

The final grade for the evaluation is 100 points, and the minimum for success is 50 points, and the grade is distributed Evaluation on the end of the course is 30 points and the end of the course exam is 70 points. As follows:

- First month exam 10 marks
- Second month exam 10 marks
- Daily preparation 5 degrees
- Posts 5 points

End of course exam 70 points

12. Learning and teaching resources

Industrial Economics / Dr. Hamid Jassim Hamid and others	Required textbooks (methodology if any)
Economics of Industry and Industrial Development / Dr. Saeb Ibrahim	Main References (Sources)
Feasibility Study and Project Evaluation / Abdul Aziz Mustafa Abdul Karim	Recommended supporting books and references (scientific journals, reports...)
Reviewing scientific websites through the web	Electronic references, websites
