التوقيع: التوقيع: اسم رئيس القسم: ١.م.د.عامر علي اسم المعاون العلمي: ١.م.د. أشرف هاشم فارس التاريخ: 28/ 1 /28 التاريخ: 2024 / 1 /28 دقق الملف من قبل : شعبة ضمان الجودة والأداء الجامعي مدير شعبة ضمان الجودة والأداء الجامعي: م.م. خلدون عبد الله خلف التاريخ: 28 / 1 / 2024

1. Program Vision

Establishing an educational system characterized by quality and creativity in education and academic programs that keep pace with scientific and technical developments and advancements in the field of specialization, ensuring diversity and providing qualitative programs to provide distinguished job opportunities in the local labor market, achieving excellence in scientific research, and contributing to serving the community.

2. Program message

Providing university graduates who are qualified in knowledge and technology and who employ their capabilities in the art of management to support the various institutions of society and develop and enhance their institutional performance by providing students with a solid foundation of in-depth academic levels to achieve their goals and aspirations towards a successful professional life in a way that ensures compliance with the international standards of the specialization, in addition to achieving excellence in scientific research and contributing to serving the community.

3. Program objectives

- Graduating students in the field of business administration after qualifying them professionally and providing them with all scientific and practical skills in a manner that suits the current and future needs of the labor market.
- Caring for academically outstanding students and preparing them to complete their studies in their field of specialization.
 - Developing the student's scientific, intellectual and social personality. •
 - Contributing to serving the local community by providing scientific and practical advice and applied research necessary to serve all economic sectors in the community.
- Supporting and activating links with the public and private sectors to participate in building and developing the department's curricula so that they are compatible with the requirements of the labor market.
 - Preparing specialized research and studies with a focus on applied research that provides solutions to societal problems.

4. Program accreditation

Is the program accredited? And by which authority? No

5. Other external influences

Is there a sponsor for the program? A government program of the Ministry of Higher

Education and Scientific Research

Professional development

Orientation of new faculty members

1. We must be aware of how to harmonize between the department's vision and the college's vision, which is derived from the university's vision and even the ministry's, which enables the department to make decisive decisions in building and

achieving the set goals.

2. The goals set are realistic and achievable, and each individual in this program should objectively achieve these goals.

Professional development for faculty members

- Continuous development courses.
- Academic rotation according to stages and programs.

12. Acceptance Criteria

(central, parallel, evening)

13. The most important sources of information about the program

Books approved by the Sectoral Committee for Administration and Economics .1

Supporting books and articles with an update rate of 20% .2

14. Program Development Plan

- 1. Preparing teaching staff according to the principle of job rotation to support the department with various specializations to meet the department's needs and achieve employers' requirements.
- 2. Conducting solid scientific research that is useful to all stakeholders to serve the labor market from an administrative perspective.
- 3. Trying to focus on preparing young leaders in the field of specialization to support Iraqi organizations with them to serve our beloved Iraq.
- 4. Introducing specialized knowledge in the teaching staff from the young category for the continued development of the teaching staff.
- 5. Focus on providing business administration graduates with skills, knowledge and expertise in the field of specialization, to contribute to building governmental institutions and public and private institutions alike.
- 6. Keeping pace with developments in the environment, especially digital transformations, and providing graduates with the skills necessary to deal with the requirements of the present and future eras.
- 7. Establishing the concept of citizenship among all stakeholders in the department by dealing with them transparently.
