8.	Ex	spected learning outcomes of the program
		Knowledge
The ability of the department's	-	Providing leading cadres in leading -
graduates to develop their		public sector institutions.
administrative and cognitive skills and		Disseminating knowledge in -
achieve leadership in leading		government institutions to achieve the
government institutions.		aspirations of society.
		Skills
Management Department graduates	-	Developing and supporting the -
have the ability to think, solve		spirit of creativity, innovation and
problems and manage time.		leadership.
		Creating an open environment for -
		cultural and intellectual exchange.
Our outputs should be knowledgeable	-	Communicate and interact -
and skilled in how to accomplish the		constructively with stakeholders.
tasks assigned to them.		
		Values
Adherence to professional ethics and	-	Establishing social and ethical -
the ability to demonstrate high		responsibility.
professional competence.		Serving the community and meeting its -
		requirements.
The student must believe in the	-	Integrity and transparency
principles of integrity and		Quality
transparency, and have the ability to		
apply the concepts of quality		
management at work.		
		9. Teaching and learning strategies
Active learning: Encouraging students' ac	ctiv	ve participation in learning processes, .

such as discussions, group activities, and problem solving, to enhance their deep understanding of mathematical concepts.

- Cooperative learning: Encouraging students to work together in small groups to .<sup>v</sup> solve problems.related to their studiesAnd sharing ideas, which contributes to enhancing interaction and knowledge exchange between them.
- Use of Technology: Leveraging technology to provide interactive learning tools ." such as computer software and online resources to enhance student understanding and motivation.
- Problem-based learning: presenting specific problems and motivating students to . think critically and use skillsAdministrativeTo solve it.
- Multiple Instructional Strategies: Providing a variety of instructional strategies, .• such as interactive lectures, practical lessons, and hands-on exercises, to meet the diverse needs of students.
  - Promote thinkingAdministrativeEncourage students to develop thinking .<sup>3</sup> skills.AdministrativeSuch as analysis, planning and inference, by providing stimulating questions and applied problems.
    - Provide immediate feedback: Provide mechanisms to provide immediate .<sup>v</sup> feedback to students on their performance and understanding of concepts.Administrative, whether through periodic assessments or direct interaction with the teacher.

#### **10. Evaluation methods**

- Classroom performance assessment: This includes assessing students'.<sup>1</sup> performance during lessons, lectures and workshops, whether through written tests or continuous assessment of their participation and understanding of the material.
- Participation in discussions and activities: Students' participation in class .Y discussions, group activities, and individual projects can be assessed to assess their understanding and engagement with the material.
  - Tests and assignments: Students may be given regular tests and assessment ." assignments to assess their problem-solving skills.related to their field of expertiseAnd their understanding of the concepts presented.

- Evaluating participation in research: The extent to which students participate in .<sup>4</sup> research activities and scientific projects can be assessed, and an evaluation can be provided of their presentation style and analysis of their results and conclusions.
  - Practical Performance Evaluation: Students can be evaluated in practical .• performance through: VisitsProcess and participation in applied activities.
  - Evaluation of external participation: This includes evaluation of the extent of .<sup>3</sup> students' participation in external activities such as conferences, seminars, and sports competitions.
    - Evaluation of Personal and Professional Development: Students' personal, .<sup>v</sup> professional and academic development can be evaluated during their participation in the faculty mentoring program.

# Professional development

Determining the needs of the university and the department: The needs of 1the university and the department are determined in terms of the required educational cadres and preferred specializations.

Orientation Programs: Customized orientation programs are designed for 2new, visiting, full-time and part-time members based on their needs and specialties.

Introduction to the University Environment: A comprehensive introduction 3to the university and the Department of Public Administration is provided, including an overview of the department, vision, mission, goals, and available services. Providing support resources: New members are provided with the necessary 4resources and support, including training courses, workshops, and technical assistance.

Academic Orientation: New members are oriented regarding the curricula, 5research areas and teaching methods used in the department.

Administrative Orientation: New members are oriented to administrative 6procedures, responsibilities, university policies and code of conduct.

Ongoing Support: Ongoing support is provided to new, visiting, full-time 7and part-time faculty members through advisory sessions, workshops and periodic evaluations.

**Orientation of new faculty members** 

#### Professional development for faculty members

- Identifying needs and setting goals: Faculty needs are identified through surveys and . performance evaluations, and then specific goals to be achieved within the program are identified.
- Development Program Design: Based on the specific needs and objectives, a .<sup>7</sup> comprehensive development program is designed that includes a set of activities, training courses, workshops, and educational resources.
  - Program Implementation: The development program is implemented in a regular and "" organized manner, including organizing workshops, conducting training courses, and providing appropriate educational resources.
  - Use effective teaching strategies: Faculty members learn to use and apply modern and .\* effective teaching strategies, such as cooperative learning, active learning, and educational technology.
    - Evaluation of learning outcomes: The effectiveness of the development program is .• evaluated by evaluating the learning outcomes of faculty members, such as increased levels of knowledge, teaching skills, and interaction with students.
- Continuous Development: Ongoing feedback and support is provided to faculty members ... to promote ongoing professional and academic development.
- Participation in scientific research and publication: Faculty members are encouraged to .<sup>∨</sup> participate in scientific research and publish the results in prestigious academic journals, which enhances their academic standing and contributes to the development of knowledge in their fields.

12. Acceptance Criteria

- Central acceptance. -1
- Accepting exceptions (martyrs' families, children of faculty, distinguished employees, top -۲ students in institutes, foreign students).
  - Private government education -<sup>\mathcal{V}</sup>
    - Accepting evening studies. <sup>£</sup>

#### 13. The most important sources of information about the program

- University, college and electronic department website. )
  - Priorities for establishing the department. <sup>Y</sup>
- Project to develop and update the curricula of the faculties of management and -7
  - economics in Iraqi universities for the year 2017.

### 14. Program Development Plan

- Curriculum development. )
- Open postgraduate studies (higher diploma equivalent to a master's degree). -\*
- Developing teaching and administrative staff through courses, seminars and workshops -" in areas of specialization.
  - Supporting scientific research efforts by encouraging faculty members to publish, -4 especially in international journals.
    - Conducting training programs to develop students' capabilities in technical and or information technology fields.
  - Organizing field visits and scientific trips for students to government institutions. -7

## **Course Description Form**

 1. Course name

 Arabic

 2. Course code

 nothing

 3. Semester/Year

 Chapter One - First

 4. Date this description was prepared

 9/14/2023

 5. Available forms of attendance

 My presence

 6. Number of study hours (total) / Number of units (total)

 30 hours / 2 units

 7. Name of the course supervisor (if more than one name is mentioned)

 Name: M.M. Ali Ghaleb Ali Marouf Email: Ail.Galib@tu.edu.iq

 8. Course objectives
