### 1. Program Vision

Excellence in providing pioneering talent to lead public sector institutions that meet the requirements of stakeholders and are consistent with international quality standards.

### 2. Program Mission

Providing the public sector with the educated administrative capabilities it needs to meet its aspirations for community service, communicating with relevant stakeholders to consolidate societal behaviors through education and learning, and creating an open environment for cultural and intellectual exchange that stimulates scientific research, creativity, innovation and leadership, as well as disseminating knowledge to institutions. The public sector ensures the well-being and excellence of society.

### 3. Program Objectives

- 1. Preparing graduates capable of working in government organizations in a way that contributes to achieving the social and economic development of society.
- 2. Supporting government organizations and developing their knowledge in the areas of central and local administration by providing them with administrative cadres specialized in this field.
  - 3. Disseminating noble societal values and consolidating the behaviors of integrity and community service in the basics of administrative work.
  - 4. Continuously developing the portfolio of scientific contributions of faculty members in the department and following up on feedback from them to ensure the achievement of the objectives of the educational process.
- 5. Building bridges of cooperation between the Public Administration Department and the community, and achieving a strategic partnership with government organizations by creating a cooperative environment that achieves diligent communication.

#### 4. Program Accreditation

Doesthe program have program accreditation? And from which agency? No

#### 5. Other external influences

Is there a sponsor for the program? Ministry of Higher Education and Scientific Research

### **Professional development**

### Orientation of new faculty members

- 1- Determining the needs of the university and the department: The needs of the university and the department are determined in terms of the required educational cadres and preferred specializations.
- 2- Orientation Programs: Customized orientation programs are designed for new, visiting, full-time and part-time members based on their needs and specialties.
- 3- Introduction to the University Environment: A comprehensive introduction to the university and the Department of Public Administration is provided, including an overview of the department, vision, mission, goals, and available services.
- 4- Providing support resources: New members are provided with the necessary resources and support, including training courses, workshops, and technical assistance.
- 5- Academic Orientation: New members are oriented regarding the curricula, research areas and teaching methods used in the department.
- 6- Administrative Orientation: New members are oriented to administrative procedures, responsibilities, university policies and code of conduct.

7- Ongoing Support: Ongoing support is provided to new, visiting, full-time and part-time faculty members through advisory sessions, workshops and periodic evaluations.

## Professional development for faculty members

- 1. Identifying needs and setting goals: Faculty needs are identified through surveys and performance evaluations, and then specific goals to be achieved within the program are identified.
- 2. Development Program Design: Based on the specific needs and objectives, a comprehensive development program is designed that includes a set of activities, training courses, workshops, and educational resources.
- 3. Program Implementation: The development program is implemented in a regular and organized manner, including organizing workshops, conducting training courses, and providing appropriate educational resources.
- 4. Use effective teaching strategies: Faculty members learn to use and apply modern and effective teaching strategies, such as cooperative learning, active learning, and educational technology.
- 5. Evaluation of learning outcomes: The effectiveness of the development program is evaluated by evaluating the learning outcomes of faculty members, such as increased levels of knowledge, teaching skills, and interaction with students.
- 6. Continuous Development: Ongoing feedback and support is provided to faculty members to promote ongoing professional and academic development.
- 7. Participation in scientific research and publication: Faculty members are encouraged to participate in scientific research and publish the results in prestigious academic journals, which enhances their academic standing and contributes to the development of knowledge in their fields.

## 12. Acceptance Criteria

1- Central acceptance.

- 2- Accepting exceptions (martyrs' families, children of faculty, distinguished employees, top students in institutes, foreign students).
- 3- Private government education
- 4- Accepting evening studies.

## 13. The most important sources of information about the program

- 1- University, college and electronic department website.
- 2- Priorities for establishing the department.
- 3- Project to develop and update the curricula of the faculties of management and economics in Iraqi universities for the year 2017.

## 14. Program Development Plan

- 1- Curriculum development.
- 2- Open postgraduate studies (higher diploma equivalent to a master's degree).
- 3- Developing teaching and administrative staff through courses, seminars and workshops in areas of specialization.
- 4- Supporting scientific research efforts by encouraging faculty members to publish, especially in international journals.
- 5- Conducting training programs to develop students' capabilities in technical and information technology fields.
- 6- Organizing field visits and scientific trips for students to government institutions.
