Professional development

Orientation of new faculty members

- Determining the needs of the university and the department: The needs of the university and the department are determined in terms of the required educational cadres and preferred specializations.
- Orientation Programs: Customized orientation programs are designed for new, visiting, full-time and part-time members based on their needs and specialties.
- Introduction to the University Environment: A comprehensive introduction 3to the university and the Department of Public Administration is provided,
 including an overview of the department, vision, mission, goals, and available
 services.
- Providing support resources: New members are provided with the necessary 4resources and support, including training courses, workshops, and technical
 assistance.
- Academic Orientation: New members are oriented regarding the curricula, 5research areas and teaching methods used in the department.
 - Administrative Orientation: New members are oriented to administrative 6procedures, responsibilities, university policies and code of conduct.
- Ongoing Support: Ongoing support is provided to new, visiting, full-time 7-and part-time faculty members through advisory sessions, workshops and periodic

Professional development for faculty members

- Identifying needs and setting goals: Faculty needs are identified through surveys .\'\
 and performance evaluations, and then specific goals to be achieved within the program are identified.
- Development Program Design: Based on the specific needs and objectives, a . Y comprehensive development program is designed that includes a set of activities, training courses, workshops, and educational resources.
- Program Implementation: The development program is implemented in a regular ."
 and organized manner, including organizing workshops, conducting training
 courses, and providing appropriate educational resources.
 - Use effective teaching strategies: Faculty members learn to use and apply .5 modern and effective teaching strategies, such as cooperative learning, active learning, and educational technology.
- Evaluation of learning outcomes: The effectiveness of the development program .o is evaluated by evaluating the learning outcomes of faculty members, such as increased levels of knowledge, teaching skills, and interaction with students.
- Continuous Development: Ongoing feedback and support is provided to faculty .7 members to promote ongoing professional and academic development.
 - Participation in scientific research and publication: Faculty members are .\footnote{N} encouraged to participate in scientific research and publish the results in prestigious academic journals, which enhances their academic standing and contributes to the development of knowledge in their fields.

12. Acceptance Criteria

- Central acceptance. \
- Accepting exceptions (martyrs' families, children of faculty, distinguished \(\) employees, top students in institutes, foreign students).
 - Private government education "
 - Accepting evening studies. 5

13. The most important sources of information about the program

University, college and electronic department website. -\

- Priorities for establishing the department. 7
- Project to develop and update the curricula of the faculties of management and
 economics in Iraqi universities for the year 2017.

14. Program Development Plan

- Curriculum development. -\
- Open postgraduate studies (higher diploma equivalent to a master's degree). -
- Developing teaching and administrative staff through courses, seminars and -\gamma workshops in areas of specialization.
- Supporting scientific research efforts by encouraging faculty members to publish, -5 especially in international journals.
 - Conducting training programs to develop students' capabilities in technical and -o information technology fields.
- Organizing field visits and scientific trips for students to government institutions. -7
